Report
Feeling calm and relaxed. Alert and focused.

Observation
P4-T4 .07 at 10 minutes - feels good but mind wandering. Will use controller for next segment. T3-T4 .07 at 10 minutes - more focused and awake as he is using the controller. T3-Fp1 .14 at 30 mins. - continued to be focused, relaxed and alert.

Plan
To continue depending on integration report.
